SGT

Model Instruction

SGT 32-160/1.5

Applications Fields

- ◉ Suitable for transferring water without abrasive particles or other liquid whose properties are similar to water.
- ◉ Widely used in industrial and urban water supply, high-rise building boosting, fire protection system, breeding

Performance Range

- ◉ Max. Flow: 39m³/h
- ◉ Max. Head: 52m

Features

- ◉ Standard flange centrifugal pump
- ◉ Large flow, high efficiency

Application Limits

- ◉ Suction head up to 8m
- ◉ Liquid temperature up to +60°C
- ◉ Ambient temperature up to +40°C
- ◉ Max. Working pressure: 6bar
- ◉ Voltage fluctuation should not exceed 10% of rated value.
- ◉ pH: 6.5 to 8.5

Motor

- ◉ Three-Phase 380V/50Hz
- ◉ Motor: 2 pole asynchronous motor, copper wires, built-in thermal protector, fully closed fan cooling, continuous running
- ◉ Protection: IP44
- ◉ Insulation: Class B

Certificate

Optional Available on Request

- (* Standard configuration on Page 36)
- ◉ Motor whose insulation class is F
- ◉ NSK bearing

Performance Curve

Performance Range

- Max. Flow: 6m³/h
- Max. Head: 80m

Application Limits

- Suction head up to 9m
- Liquid temperature up to +40°C
- Ambient temperature up to +40°C
- Max. Working pressure: 5bar
- Voltage fluctuation should not exceed 10% of rated value.
- pH: 6.5 to 8.5

Certificate

Applications Fields

- Suitable for transferring water without abrasive particles or other liquid whose properties are similar to water.
- Widely used in living water supply, water tower water supply, well water lifting, automatic irrigation system, various corollary equipment, etc.

Features

- The JET type self-priming pump
- High suction, with short time
- Different impeller material configuration

Motor

- Single-Phase 220V/50Hz
- Three-Phase 380V/50Hz
- Motor: 2 pole asynchronous motor, copper wires, built-in thermal protector, fully closed fan cooling, continuous running
- Protection: IP44
- Insulation: Class B

Optional Available on Request

- (* Standard configuration on Page 40)
- 304 stainless steel welding shaft
- Electrophoretic pump body and connections
- NSK bearing
- Motor whose insulation class is F
- Other voltage or frequency is 60Hz
